RIO DE JANEIRO, BRAZIL AUGUST 12-21

ATTENDANCE

No official figures released, but all sessions were under capacity, the non-Bolt nights way under capacity.

WEATHER

Official temperature (both F and C) and humidity readings are given with each final. Spotty rain on several days; generally pleasant and calm.

EXPLAINING THE TYPOGRAPHY

Paragraph breaks in the preliminary rounds of running events indicate the separation between qualifiers and non-qualifiers.

ATHLETE CODING

All medalists appear in purple ink; all Americans are underlined (if in multiple rounds, only in the final round in which they competed); field-event/multi medalists appear in either blue (gold medal), red (silver) or green (bronze) in the progression charts.

SPLIT TIMES

The official timer, Omega, provided the best splits ever. Times in 100ths are eyebeam times; those in 10ths are transponder driven. Thanks to Mark Butler for invaluable work in helping with the 4x4 splits.

FIELD CHARTS

In the by-round field charts (all throws, horizontal jumps), the athlete's best of the day is underlined. The asterisked marks represent the progression of the lead.

WHAT'S IN VERSION ii?

Note that this newsletter is marked as "version ii"; the one that was originally mailed was titled "version i." In the weeks since the original went out multiple small amendments rolled in as more tape was watched and more sources were uncovered.

What Are All Those Symbols?

We realize that there is a lot of material to absorb in our agate (“agate” is jounalese for small-type results), so let’s see if we can’t clarify it a bit for you.

A combination of numbers and letters in parentheses, such as “9, x W” would mean tha the person had moved to No. 9 on the all-time world list, with a performance outside the top 10. Had it say, been the No. 9 performance, the notation would have been 9, 9 W.

You might also find something like “x, 6 A”. The x in the first position means the mark is not a PR, but the performance is No. 6 in U.S. history.

We note all-time list positions for World (W), U.S. (A), College (C), Juniors (WJ or AJ) and High School (HS).

We also denote yearly list leaders for the World (WL), U.S. (AL), College (CL; Division I only) and High School (HS). In even-numbered years we also list World Juniors (WJL) and U.S. Juniors (AJL).
