

**We're on campus...  
handy and helpful,  
the best bank for your money.**

When your bank is right on campus completing errands becomes an easy matter. Getting to know your banker is like meeting up with a neighbor. A bank that is handy and a banker who becomes a friend is a pretty tough combination to beat.

Take advantage of a good thing and come bank with us. We have the facilities, the service to meet your needs. And for 56 years we have been picking up tips on how to do a better job for everyone that is in any way connected with the University. That's why we're here—on campus—to help you bank.

# DIALING INSTRUCTIONS

<b>FROM</b>	
<b>TWIN CITIES CAMPUS TELEPHONES</b>	
<b>TO</b> UNIVERSITY Information	Dial "3-2002"
<b>TO</b> University Hospitals Information	Dial "3-8484"
<b>TO</b> Twin Cities Campus Numbers	Dial last FIVE digits of listed Centrex number
<b>TO</b> Twin Cities Area Numbers	Dial "9," then listed number
<b>LONG DISTANCE</b>	See page 9
For Telephone Repair	Dial "9-410-2234"
In case of an EMERGENCY such as Serious Accident, Illness, Fire, Police, Emergency Repairs, etc.	Dial "0" and report to University Operator

## **DO NOT PLACE LONG DISTANCE CALLS WITH THE UNIVERSITY OPERATOR**

### **DIAL "9" FOR AN OUTSIDE LINE . . .**

From a Twin Cities Campus telephone, DO NOT wait for a second dial tone. Just continue dialing; the second dial tone is applied to the circuit instantaneously and will be continuous with the dial tone you hear when you first pick up the phone.

### **DON'T DELAY WHEN DIALING**

The University's CENTREX equipment includes a "time out" feature. This means that once having started dialing, you must finish dialing within a specified amount of time or the "time out" equipment will automatically cut you off and your call will not be completed. Should this happen to you, hang up for a few seconds and then dial the call again.

## **TELEPHONE CALLS CANNOT BE TRANSFERRED**

The CENTREX system will not allow calls to be transferred from one University extension number to another. Attempting to do so will cause the caller to be cut off. When an off-campus caller reaches your phone by mistake, find out who he is trying to reach and check the staff listings for his party's correct CENTREX telephone number. Then inform the caller that "Mr. So-and-So can be reached by dialing (his CENTREX number)."

### **376- EXCHANGE**

Some telephone numbers with a 376- exchange are being assigned to University telephones. These numbers are part of the regular CENTREX system and should be treated like the familiar 373- numbers. On-campus callers should dial the last five digits of the number (6, and then the extension number). Off-campus callers dial the whole seven-digit number.

# Long Distance and Telegrams

## LONG DISTANCE CALLS PLACED DIRECT

From University telephones, place all long distance calls directly—DO NOT PLACE LONG DISTANCE CALLS WITH THE UNIVERSITY OPERATOR. Station-to-Station calls can be dialed quickly via Direct-Distance-Dialing (see Station-to-Station instructions below). Person-to-Person and Collect calls should be placed with the Bell Telephone Operator.

## AUTOMATIC LONG DISTANCE BILLING

Long distance calls placed from University telephones are automatically charged against the departmental account for the CENTREX telephone number from which the call was placed. Each department is sent a monthly statement showing the calls billed against each of its telephone numbers.

Departments are responsible for controlling and recording all long distance calls made from their telephones. Individuals who are not authorized by their departments to make long distance calls must use pay phones.

## FOR FASTER LONG DISTANCE SERVICE

Whenever possible, place your calls Station-to-Station. These calls can be made quickly by Direct-Distance-Dialing and are much less expensive than Person-to-Person calls.

When long distance calls must be placed through the Northwestern Bell Operator, you will get faster service by giving her your party's Area Code and telephone number.

## HOW TO FIND AREA CODES

You will find most Area Codes, listed by city, in the introductory pages of the Minneapolis or St. Paul Telephone Directory. Area Codes for unlisted cities can be obtained by dialing "9," then "Operator." Ask the Operator who answers for the desired Area Codes.

## YOUR AREA CODE IS 612

When calling within your home DDD area (the 612 area, or roughly the central part of Minnesota), give the operator only the party's telephone number. Do not give her the 612 Area Code.

When arranging for a call-back from a place outside the 612 area, be sure to leave your Area Code and your complete CENTREX number. Your out-of-town callers will appreciate the fast, direct service they will get.

## HOW TO OBTAIN LONG DISTANCE NUMBERS

If you do not know the out-of-town number you wish to call, you may dial directly, without charge, to the Information Operator in most cities. Consult the Area Code Handbook or the DDD section in the Minneapolis or St. Paul Telephone Directory to see if the city you wish to call is listed. If it is, proceed as follows:

1. Dial "9" for an outside line.
  2. Dial "1."
  3. Dial the Area Code of the city you are calling—except when that city is in your own 612 DDD area.
  4. Then dial "555-1212." This will connect you to the distant Information Operator.
- If the desired city is not included in the DDD network, ask the Bell Telephone Operator (dial "9," then "Operator") to connect you to the Information Operator in that city.

Record your frequently called long distance numbers for future reference.

## TO MAKE STATION-TO-STATION CALLS (DIRECT-DISTANCE-DIALING)

1. Look up the proper Area Code and telephone number (see above).
2. Write it down for future reference.
3. Dial "9" for an outside line.
4. Dial "1."
5. Dial the Area Code of the city you are calling—except when that city is in your own 612 DDD area.
6. Dial the telephone number.
7. Make note of the call for your departmental records.

If you reach a wrong number, dial the Bell Telephone Operator immediately and report the wrong number call to her so that you will not be billed for the call.

If you need assistance, are cut off, encounter difficulty in hearing, or experience any other trouble, dial the Bell Telephone Operator and report it to her. She will be glad to help you.

## TO MAKE PERSON-TO-PERSON OR COLLECT CALLS

Person-to-person, collect, and station-to-station calls to non-DDD cities must be placed through the Bell Telephone Operator. To place such a call...

1. Look up the proper Area Code and telephone number (see above).
2. Write it down for future reference.
3. Dial "9," then "Operator."
4. Give the Operator the Area Code, telephone number, and name of the party to be called. Specify if the call is to be Person-to-Person, Station-to-Station, or Collect.
5. When the Bell Operator asks for your number, give her your complete 7-digit CENTREX number.
6. Make note of the call for your departmental records.

## TELEGRAMS

Place telegrams directly with Western Union, NOT through the University Operator. Telegrams placed from a CENTREX telephone will be charged against the budget of the department controlling that CENTREX number.

To send a telegram from a "373" number, dial "9," then "332-4211." When the Western Union Operator asks for your telephone number, give her your complete 7-digit CENTREX number.

The Staff Directory contains listings for academic personnel, full-time Civil Service personnel, and part-time Civil Service personnel who are regularly employed. It includes names of those staff members on all campuses of the University who have turned in staff address cards.

University telephone numbers of Twin Cities campus staff members are designated by a "373" or "376" prefix. Campus designations are included for staff members of the coordinate campuses.

Updated information received after publication of the Directory is on file in the Department of University Relations (373-2126).

----

Each listing reads in this order: Name, asterisk if married, position held at the University (name of department, division, office, etc.) office address (office telephone), residential address, residential telephone.
